dan.sloan@bromley.greenparty.org.uk

DARWIN:
JAN WILSON

jan.wilson@bromley.greenparty.org.uk

"We believe in standing up for what matters and we are proud to do local politics differently."

Tamara Galloway

Prospective Parliamentary and Local Election Candidate

WHAT WE HAVE DONE:

- *campaigned to save our libraries and public toilets*
- *challenged planning decisions on over-development and tall buildings*
- *opposed council cuts in care services for residents*
- *strongly opposed expansion of Biggin Hill Airport*
- *stood up to racism*
- *campaigned against fox hunting and blood sports*
- *campaigned against fracking and the transport of nuclear waste through Bromley*

EDUCATION:

We support local schools run by local councils, whereby each student receives the same quality of education from nursery to learning-for-life. We will:

- ***protect Education budgets*** to ensure quality and standards of education are not compromised
- ***ensure that children, pupils and students with disabilities are given the necessary support and facilities to fulfil their potential***
- ***use income generated from new developments to provide more school places, better facilities and more resources for students***

HOUSING:

We believe that basic, safe and warm housing is a right, not a luxury. Homelessness in Bromley has doubled since 2014 with over 7000 people on the waiting list. We will:

- ***build more socially rented environmentally friendly housing on brownfield sites***
- ***ensure all developments have a positive impact and influence on local areas***
- ***ensure affordable housing quotas are achieved by new developments***

ENTERPRISE:

We believe that Bromley businesses strengthen communities because a strong local economy is good for everyone. We will:

- ***support existing local businesses***
- ***provide more affordable enterprise space***
- ***set-up an active apprenticeship programme for both young and disabled residents***

VOTE GREEN

for a fairer and flourishing Bromley

WHY YOU SHOULD VOTE GREEN:

We want to offer *new solutions* to issues that are continually ignored by Bromley Council. Our *local commitments and priorities are to our residents* and we will *work hard to achieve the best outcomes for the people of Bromley.*

By voting for Green councillors you will support a *strong socially-minded voice* ready to challenge Council decisions. With your support we will make Bromley a *fairer and more attractive place to live.*

ENVIRONMENT:

We are proud of the fact that Bromley is one of the greenest boroughs and we will do more to make it a more sustainable place to live. We will:

- *protect and enhance all our green spaces and encourage more biodiversity in wildlife areas*
- *campaign to protect and preserve our Green Belt*
- *provide more tree planting and greening of residential streets*
- *ensure plastics are properly recycled and not incinerated*
- *monitor air quality to tackle areas where pollution levels are high*
- *reduce traffic speeds to 20 mph around schools*
- *provide more safe cycling routes*
- *provide more electric charging points for taxis and cars*

COMMUNITY:

We want to invest so we can collectively create a strong, healthy and caring local community. We will:

- *provide better care and activities for both older and disabled residents by bringing social care back into direct council control*

ANIMAL PROTECTION:

We are committed to the welfare of all animals and wildlife which we regard as sentient beings. We have the most comprehensive animal protection policies of all the political parties. We will:

- *ensure that our policies on animal rights are adopted in all relevant council decisions*
