

YOUR CANDIDATE

Angela Hulm: Candidate for West Wickham

I am standing to be a Green Party councillor as I believe that I can make a contribution to the achievement of environmental goals across the borough. I have been a Bromley resident since 1963 and enjoyed West Wickham life since 1996.

My personal mission has been to reduce waste, reducing my carbon footprint by more than two tonnes in the last year. My focus has been helped by the Greener & Cleaner Bromley and Beyond Facebook page. Through them I've been able to support local businesses and communities to save more.

I now feel that it's time for me to stand up and influence changes at council level. My aim is to support individuals and businesses in achieving 'net zero', thus improving social well-being, bringing together healthy communities and promoting social justice.

Bromley organisations I'm involved with in taking environmental and social justice action include Soroptimists International, Environment Bromley, Federation Small Businesses, Bromley Ladies Who Latte, RSPB, West Wickham Allotments, Environmental Action Coney Hall, West Wickham Methodist Church.

I have worked as a part time youth leader at The Phoenix Centre, Hawes Lane in the 1970s. Business Studies Lecturer at Bromley COT, Croydon College and Bromley CHFE 1984-2004. Vocational school teacher at Langley Park School for Girls 2004-2015. Self-employed Iyengar yoga teacher 2005 to present teaching at Brixton Prison, Bromley Health clubs and Adult Education centres.
